# Hospital Bond to Face Area Residents

Grossmont Hospital's $8 million construction bond faces the views of Lemon Grove-Spring Valley voters in next Tuesday's controversial election.

Voters in the district, which includes Lemon Grove, Spring Valley, Casa de Oro, La Mesa, Fletcher Hills, El Cajon, and areas to the east, are being asked to approve a bond that would add 300 beds and a 10-story addition to the present facility.

Passage of the construction bond will also provide the hospital with expanded laboratory, emergency, x-ray, and dietary facilities.

The local governing board of the district has indicated that expansion of the hospital would bring its capacity up to 515 beds, making it the second largest hospital in the county.

It was indicated by Hospital Administrator Leverett Bristol that passage of the bond could reduce the tax levy on the citizens which has been 20 cents for each $100 assessed valuation. Bristol foresees the possibility of the present tax rate falling to 18 cents next year if the bond is passed.

Approval of the bond election would set the stage for construction to begin in about 15 months. The emergency parking lot on the southeast corner of the present structure is proposed as the site for the 10-story addition.

Target date for completion of the project, if approved, would be in the spring of 1971. Hospital officials have indicated that all ten floors will not be needed immediately after completion of the construction, but will be furnished and equipped as the need for more floor arises.

Passage of the bond would necessitate a major change in the system of bedding and a new overall look to the hospital according the officials. Over 100 of the existing beds will be turned over to diagnostic, self-care, and extended care patients, while 281 beds in the new wing will be used for acute patients.

Proponents of bond passage state that there is a critical shortage of beds in the facility, necessitating the need for additional rooms and beds.

Opponents of the construction measure do not agree with the statements of hospital officials who say that the tax rate would actually diminish with passage of the $8 million bond.

They also state that the directors had made plans six years ago to make the next expansion of the facility a separate hospital in the Lemon Grove, Spring Valley and Casa de Oro area. Since those early plans were adopted, the district has constructed a million dollar power plant and a $300,000 administration building. Currently, there are no plans for a hospital unit other than at Grossmont.

Grossmont Hospital, which opened in August of 1955, is governed by a five-man board of directors. It takes care of an estimated 1,000 patients per month. The facility began with just 110 beds and was expanded to its present capacity of 234 beds in 1960.

Only residents within the district will be permitted to vote in the Nov. 28 election.

RECOGNITION: Chief Yeoman David R. Sloop of Lemon Grove, left, receives his sixth Good Conduct Medal from Rear Admiral David Lambert, Commander, U.S. Pacific Fleet Training Command during ceremonies which marked the completion of 20 years of service by the local resident. Yeoman Sloop, who lives with his wife and daughter at 8105 Alton dr., also received the Training Command plaque from Admiral Lambert and a special plaque recognizing his contributions to the Navy. For the last five years Chief Petty Officer Sloop served as Administrative Assistant and Admiral's writer in the COMTRAPAC Flag Allowance.

## The DIMMER VIEW

### Marines Care: Do We?

There is a crying need for projects by which gracious, generous Americans can satisfy their hunger to help people less fortunate than they.

**This was proven again last week when a story was told of county newsmen who had become big brothers to a little orphanage, the House of the Good Shepherd in Mexicali.**

Offers of money, clothing, labor, bedding and toys flooded our office although we made it clear that we newsmen are selfishly guarding this project as our very own. We turn away many offers to help.

**But now, there is a program in which anyone may be equally helpful.**

It is the Marine Corps Reserve Civic Action Fund for Vietnam. Marines call it "Marine Care."

**Boiled down to a couple of sentences, it has to do with supplying unfortunates of Vietnamese villages with tools, food, school kits, sewing kits, soap, and other basic items through the Marine Corps. They, in turn, provide standard packages through CARE. Packages cost 50c to $10.**

A 50c school kit contains 12 pencils, 8 notebooks, 4 paint brushes and a box of paints, a pencil sharpener, a ruler, a package of writing paper, 2 boxes of crayons, a pair of scissors and a tube of paste. Just the thing to make a youngster with a thirst for knowledge happy.

**The idea so excited Mrs. Athene Hensley, an executive of the U. S. National Bank, that she volunteered to be hostess for a news media-Marine Corp get-together last week at the Cuyamaca club and invited Marine Corp Commandant Major General Lowell English. Gen. English told the press that aiding Vietnamese civilians becomes an aid to our fighting men.**

According to Lt. Col. C. A. Rosenfeld, 4th Tank Btn., USMCR, San Diego, in charge of Marines Care Days, the project is a people-to-people one. A youngster in a Vietnamese village — Dak To, for example — will know that it was Mary Jones, or Bob Smith of Lemon Grove or Spring Valley. Those who are able to write English will possibly write a note of thanks.

**Col. Richard Herbst of the Reserve, told us he would soon name a sister village for either Spring Valley, or Lemon Grove, or both. What an inexpensive way to participate in a world peace program! And during the holidays, too!**

We suggest that a service club looking for a worthwhile project, adopt a sister community with all the children and frustrated parents in it, and supply them with some rudimentary needs.

**How do you start? Call us at this newspaper and we'll get you in touch with the proper Marine officials. The number? 469-0101. But you'll have to hurry. Marine Care Days end Dec. 1 — which leaves only a week to get on the band wagon.**

### Poverty Taxation Growing

It has been calculated that on an average in the United States, it takes about $20,000 invested capital to provide one job. That investment takes the form of land, buildings, equipment, and tools.

**The $20,000 per job figure indicates that something in the neighborhood of one-and-a-half-trillion dollars has been invested in the 75-million jobs in this country. This total investment represents the savings of millions of our citizens, from the widow's mite to the tycoon's millions.**

According to the U. S. Press Association the nation has been making a pretty relentless war on poverty throughout the 178 years since our Constitution ratified the private enterprise system. Starting with less than 4 million people bunched along the Atlantic seaboard, our population has spread across a completely undeveloped country to the Pacific.

**Meanwhile, the population has increased to 200 million, enjoying the highest standard of living, and less poverty, than exists anywhere in the world. The reality of the situation is that even the poorest among us are more fortunate than a majority of the rest of the world's peoples.**

This is not to say that something shou'dn't be done about the poverty-stricken among us. But it is to point out that what is taxed from the "haves," to give to the "have-nots," as the President expressed it, will not be available as savings to be invested in the land, buildings and tools which provide jobs.

**Small business bankruptcies are increasing at an alarming rate. A typical case in point is one reported recently by a CPA who liquidated a bankrupt business and found that "if the business had been able to retain what it paid over a 20-year period in increases in state and city taxes, and for outside accounting services in preparing necessary city,**

## Grove Women Gain Heart Service Pin

Four Lemon Grove women will be among some 78 who will receive 10-year service pins as Heart Sunday volunteers from the San Diego County Heart Association during ceremonies next Friday, Dec. 1, in the San Diego Woman's Club.

The Lemon Grove women to be honored are Mrs. Edith Braley, 2283 Berry st., Mrs. Jack May, 2850 Skyline dr., Mrs. E. I. Phares, 3409 Washington st., and Mrs. Walter Shimp, 7601 High st.

Another 38 women will receive specially-designed plaques for 11-year service. The women have been making door-to-door fund campaigns during their service to the organization. Nine hundred more women will be cited for five-to-nine years service.

## Rainstorm Totals 2"

More than two inches of rain fell on the Lemon Grove-Spring Valley area during the rainstorm this week.

Until noon Wednesday, the official weather station at the fire house listed the total as 2.04 inches.

No flood or mud damage was reported.

A light shower previously recorded as .03 brought the season total to 2.07.

Last year on the same date the total was 1.43 inches.

## Dr. Van Zele Receives Italian Government's Flying Honors

If ever there was a dream that Lemon Grove could boast a knight, it came to full flower, when Dr. V. L. Van Zele was awarded the Croce de Cavaliere of the Republic of Italy at a ceremony at the Italian embassy in Washington. He is now a knight of the cavalier class.

Dr. Van Zele, of 8302 Golden ave., a retired dentist, was also awarded the Golden Wings of the Italian Air Force. The cross of knighthood was awarded to him by Italian Ambassador Egidio Ortona. The Golden Wings were presented by Italian General Federico Zapelloni.

Dr. Van Zele, who flew trimotored Caproni bombers, was honored also by the Caproni Museum of Milan which awarded him and his companions commemorative medals. This medal was presented by Count Giovanni Caproni de Taliedo, son of the man who built the planes. Dr. Vittori Salvatore, mayor of the City of Foggia was present for the ceremony.

In all, 64 former American officers, were honored. They are part of the original 350 American officers who trained and fought in Italy in 1917-18. Called Foggiani, after the town of Foggia, where they were based, they became the first pilots to fly multi-engined combat planes.

The ceremonies were part of the Italian-sponsored two-day reunion, on Nov. 3 and 4, to celebrate the 50th anniversary of the Foggiani's World War I tie in Italy. Only two of the remaining group were unable to attend.

The nationally distributed magazine, POPULAR AVIATION, in a recent issue devoted several pages to the group of American pilots who they called "Fiorello's Foggiani" because the former mayor of New York, Fiorello LaGuardia was their leader.

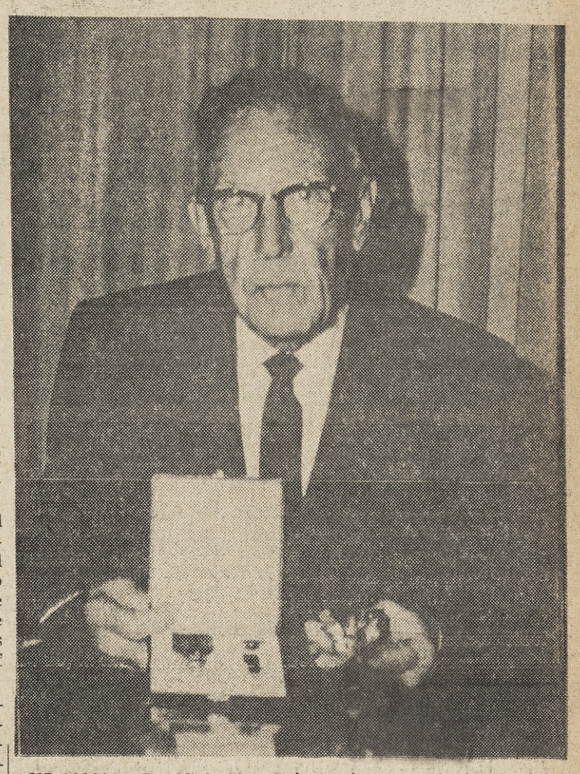
POPULAR AVIATION said about the Foggiani: "They soloed with three hours of dual training from instructors who spoke little English. Some went to combat in one of the most advanced bombers of its day with less than 20 hours of total flying time.

"They were led by a famous American whose own flying ability, but never his leadership, was sometimes questionable.

"These were the more than 400 spirited young Americans who learned to fly at Foggia, Italy, during the cold, windy winter of 1917-18.

"Their leader was Congressman Fiorello Henry LaGuardia of New York, the 'Little Flower,' — captain, then major and later New York City's colorful mayor. He nicknamed his men 'Fiorello's Foggiani.'

Against such a background the 64 remaining pilots received their awards earlier this month. And one of these was "Sir Van," the quiet, heroic retired dentist who is one of the forerunners of the thousands of brave pilots who were to follow him in WWII, Korea and Vietnam.



SIR VAN — Dr. V. L. Van Zele is shown with the medals he was awarded in Washington, D.C. as part of ceremonies by the Italian government for service with the Italian Air Force in World War I. In the medal case at the left are the Croce de Cavaliere of the Republic of Italy. With this medal and a ceremony, Dr. Van Zele was knighted as a Cavalier.

## College Overcrowded in 1973

President Harold G. Hughes of Grossmont College has set 1973 as the year when the enrollment at the local college will reach the planned capacity of 5,000 day students.

With this date in sight, Hughes indicated that Trustees in the district have about three years before they will be faced with a decision on what to do if the college is presented with an overcrowded situation in 1973.

The date indicated by President Hughes is a year later than that predicted by the state Finance Department. The state department believes that the enrollment will pass the 5,000 capacity mark in 1972.

The trustees will be faced with two alternatives to the upcoming overcrowded situation. They can provide better educational facilities through expansion of the present campus or the construction of a new campus to house students in the area.

Additional administrative facilities and a swimming pool for the physical education department are all that is needed for the completion of the present campus. The master plan of construction adopted by the district is nearly completed.

Hughes indicated that the next two years should see state approval of funds for the administration buildings and the swimming pool, with the latter coming after the buildings. Two-thirds financing by the state is hoped for by President Hughes.

## To Be a Nurse, Or Not to Be

Twelve girls from Helix High, including three Lemon Grove girls, have been given the chance to find out what being a nurse is like.

The Lemon Grove girls are Sharon Burton, daughter of Mr. and Mrs. David Burton, 7142 Suerich ln.; Ruth Gordon, daughter of Mr. and Mrs. David Gordon, 7035 Dasa ln.; and Emily Tanner, daughter of Mr. and Mrs. Virl Tanner, 2445 69th st.

The girls work as nurses' aides for two class periods each day at El Cajon Valley Hospital. Here they gain a knowledge of the nursing profession, which will help them decide if they want to enter the nursing field.

BETTER BARBECUE — Shirlee Smith, San Diego Gas & Electric Company home economist, is shown with Chef Art Ellis, whose classes in "Better Backyard Barbecuing" will be featured at 6 p.m. each evening during the 34th Electrical & Home Appliance Show, free to the public at the Community Concourse, November 24-29.

*In Community Concourse*

## Free Home Show Opens Friday Noon

The 34th Annual Electrical & Home Appliance Show opens in the Community Concourse, Friday, under sponsorship of the Bureau of Home Appliances of San Diego County. It will open at 12 noon, continuing to 10 p.m. daily and as always, will be free to the public, according to Secretary-Manager J. Clark Chamberlain.

A ribbon-cutting ceremony will take place opening the Show, in which Mayor Frank Curran, officials of the San Diego Downtown Association, Barbara Broderick, "Miss San Diego", and Sandra Poole, "Fairest of the Fair", will participate. Extensive Christmas lighting throughout the Community Concourse area and upon the Administration building will be dedicated at 7:30 p.m., preceded by a 30-minute Christmas concert featuring the robed choir of Kearny High School. The show ends Wednesday night.

According to Lee Bornstein, chairman of the Bureau's show committee, there will be more new things than ever before in the fields of appliances, electronics, and many types of home equipment and conveniences on display. A number of manufacturers are using this Show to introduce entirely new products into the San Diego market, many of which will be actively demonstrated.

For the children, Official Host, "Mr. Santa Claus" will preside each afternoon and evening, with candy canes for all.

A 30-minute, sit-down class, "Better Backyard Barbecuing" will be conducted each evening at 6 p.m. under sponsorship of San Diego Gas & Electric Company, taught by award-winning "Patio Chef" Art Ellis. For the ladies, Home Decorating ideas will be presented in 3, half-hour "Decorator Clinics" Monday, Tuesday and Wednesday afternoons at 1:30 p.m. by Ed Chaimson, a widely known authority in this field, under sponsorship of the Home Furnishings Association of San Diego County.

## County Slates Rabies Clinic

The San Diego County Veterinary Medical Association will sponsor several clinics throughout the county, beginning next Monday for the vaccination of dogs against rabies. "Shots" will be $1.50 per dog and the licenses may be available at the same time.

The Lemon Grove clinic will be at the San Altos School, 1750 Madera st., and the time, 7 to 9 p.m.

MISS NEWSPAPER — Sandra Poole, Miss Pacific Beach Fairest of the Fair, is a firm believer in promoting the cause of newspapers. She poses with this newspaper's advertisement printed on her back during a preview of the Free Electric and Home Appliance Show. The sign reads "Read the Lemon Grove Review" but her back will be free of signs during the run of the show, Nov. 24-29, in the Community Concourse.

# 10th Anniversary Feted by Encanto Baptist Following

The First Baptist Church of Encanto will celebrate it's 10th anniversary Sunday with the dedication of beautiful folding doors which were recently installed.

Following the morning worship, a luncheon is being planned at 1 p.m. in the Fellowship Hall. The afternoon "Inspirational Program" will get underway at 2 p.m. with singing led by Alton Matthews.

MISS CANDEE JUMP

ENGAGED: Mr. and Mrs. Robert L. Jump, 2210 Alton pl., Lemon Grove, announce the engagement of their daughter, Candee, to Corporal James Duda of Massachusetts.

Miss Jump is a graduate of Mt. Miguel High and is currently attending Grossmont College.

# Narcotics Speaker, Film Slated For La Mesa First Baptist Sun.

Speaking on one of the major problems of our day, Rev. Paul Friedmann will bring an interesting and informative message at First Baptist Church located at 8111 Orange, La Mesa Sunday at 7 p.m.

Recent reports indicate that approximately twenty percent of the national narcotic problem exists in the State of California, and that Southern California is rapidly emerging as the number one narcotic problem area in the nation. Government statistics reveal the existence of tens of thousands of heroin addicts in our nation. Though this is the strongest of all known narcotics, there are numerous other substances and derivatives which also cause addiction and habituation.

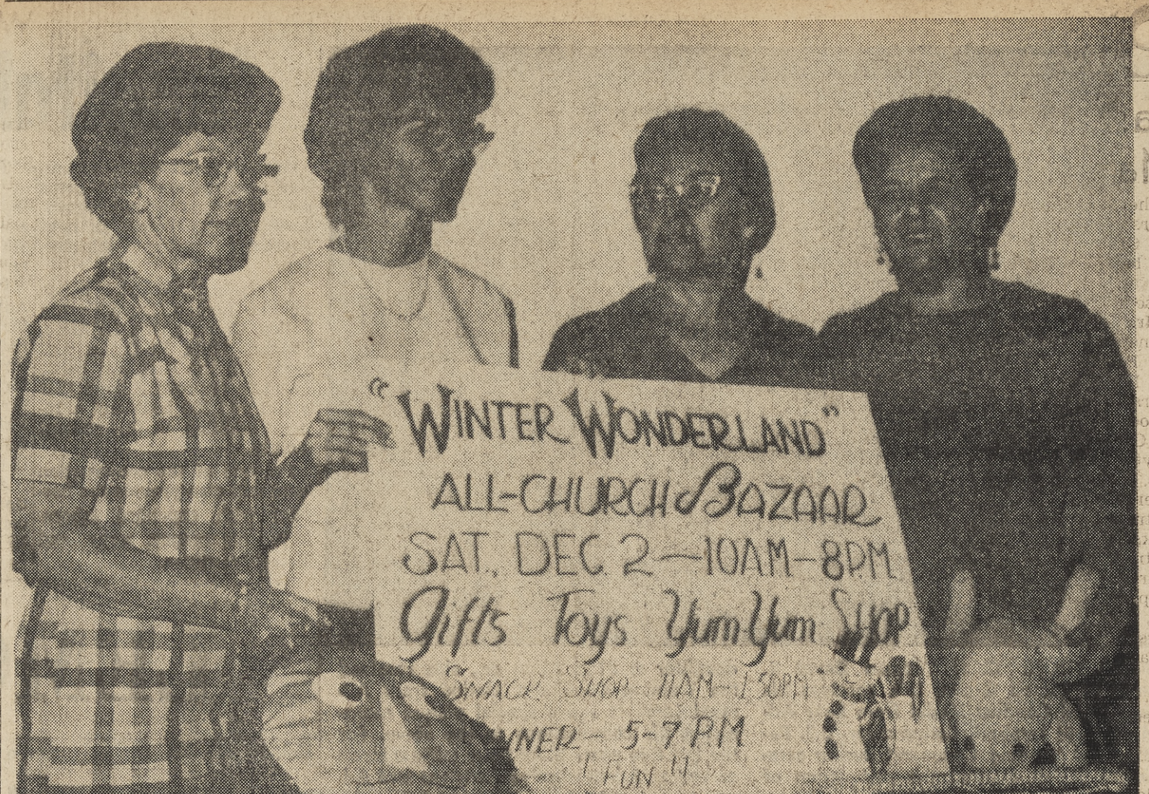
Fifty percent of the crimes in metropolitan areas of our country are committed by addicts who are desperately trying to support their addiction. This illicit traffic is considered a constant threat to our youth and a growing menace to every community in our nation.

The speaker will be representing the Narcotic Educational Foundation of America which has been located and active in the Los Angeles area for over 25 years. Its office is at 5055 Sunset blvd., in Hollywood. This non-profit organization is engaged in producing sound films, publishing printed literature, both of which are widely distributed over the nation. 'Pill-boards' with "Goof-balls" and "bennies" are fabricated for law enforcement groups. Speakers are provided for many hundreds of groups a year, including schools, service clubs, church services and organizations, and other community groups.

## Phillips Rites Held

Funeral services for Leslie Phillips, 50, of 7557 Normal st., Lemon Grove, were held Monday, at Bonham Brothers Mortuary, with burial in Greenwood Memorial Park. He died Nov. 16 at his home.

A native of North Dakota, Leslie Phillips had lived in San Diego County 45 years. For 30 years he was a maintenance mechanic for the Union Ice Co.



**WONDERLAND WORKERS:** Members of the Women's group from Lemon Grove Methodist Church on Washington st. prepare for their upcoming Christmas bazaar scheduled for next Saturday, Dec. 2, at the local church. From left to right, bazaar workers are Mrs. Marguerite Hensley, Mrs. Sandy Mitchell, Mrs. Lois Badman, and Mrs. Betty Ketelson. The bazaar, with the theme of "Winter Wonderland," will run from 10 a.m. to 8 p.m. with dinner to be served at 5 p.m. to 7 p.m. A snack shop will be open from 11 a.m. to 1:30 p.m. Gifts, toys, booths and many Christmas items will be featured.

# Funeral Services Held for Lowenburg

Funeral services for Mrs. Betty Lowenburg, 77, of 7150 Broadway, Lemon Grove, were held Tuesday at Greenwood Mortuary, with entombment in Greenwood Mausoleum. She died last Saturday in a hospital.

A native of New York, Mrs. Lowenburg had lived in San Diego County 45 years. She had been a soloist at the First Congregational Church of San Diego, as well as a voice and violin teacher in Lemon Grove.

## Groome Rosary Held

Rosary for Mrs. Christine Ellis Groome, 90, of 7730 Canton dr., Lemon Grove, was said at Greenwood Mortuary Sunday. A prayer service was held Monday at Greenwood Mortuary and burial was in the Ellis family cemetery at the Descanso ranch. She died Nov. 17 in a hospital.

Mrs. Groome, whose family history dates back to the Spanish land grant days, was born on the Ellis ranch in Descanso. Her father, Charles Ellis, came from Norway to San Diego in 1870.

## Chronic Chest Pains, Persistent Cough Corrected

Some time ago, we ran an article about an Imperial Beach housewife regaining her health in our office. Its a pleasure to write this article on her fifty-one-year old sister she brought in from Poway.

This mother of two teenagers had a serious chest condition that had resisted all efforts of 'specialists' for several years. Discouraged she related her sad fruitless experiences.

Her condition had been 'diagnosed' as 'chronic bronchiectasis.' We found she was suffering from a long string of secondary ailments such as hot and cold flashes with profuse sweating especialy at night, interfering with her sleep. She got up tired every morning and difficult breathing kept her physically exhausted. "Every little effort just wears me out — sometimes I'm just too tired to eat," she complained. Constant deep coughing didn't help matters and sometimes caused heart palpitations along with dizziness and fainting spells. Indigestion related with gas, bloating, constipation and hemorrhoids was enough to make anyone nervous, depressed, and bring on crying spells. "I can live with everything else, Dr. Marcy, but please do what you can for my chest," she pleaded.

Our spinal examination pointed out that many defective nerves were in her spine. It was easy to understand why she suffered with so many different ailments. Spinal X-rays enabled us to re-align and balance her spine. This removed the nerve pressures and she was utterly amazed to see her symptoms disappear as Nature restored normal function. Our last check-up showed her renewed health reflected in her smiling face.

Because you have tried everything else is no reason to give up hope — chiropractic help may be your answer too. Results speak for themselves. All our case histories, amazing as they may seem, are clinically factual — they happened as we report them. Only a chiropractor can tel if you will respond to chiropractic care. We don't accept all patients that come in — but we do help almost all patients we accept. We had rather not have you as a patient than fail to get results.

If your health is less than it should be consult the College Grove Chiropractic Building before winter sets in. What can you lose except your ill health?

## The Dimmer View

(Continued from Page 1)

**state and federal tax returns" it would still be in business and 23 people would still be employed.**

Note that the accountant did not mention what was paid in Federal taxes.

**It comes to mind also that not long ago it was calculated that "featherbedding," in just two of our major industries, railroads and steel, was costing $100 million annually. That amount of money would create a lot of jobs.**

So would that $114 billion in "foreign aid" which we have scattered abroad.

**Government can give to some only what it takes from others. If Government takes the $20,000 which would otherwise go into creating a new job, then it is defeating a tried and proved method of overcoming poverty in our land.**

## Don't Confuse Us With the Facts

If the holidays tend to confuse you — you've got company!

**Our spy in the County News Association — the one which sends us information on the doings of the County Board of Supervisors — was almost too confused to report this week's confusion to us.**

What happened is that someone inadvertently issued two sets of agendas to the board. The agenda numbers on one set were different from those on other sets.

**Thus it was that some of the supervisors were discussing a Spring Valley matter while others, apparently intelligently, were discussing a Pine Hills item.**

Our spy admits that board meetings have teded to become more confusing in recent months in spite of Chairman Bob Cozens attempt to keep discussions understandable.

**A common disruptive practice is for the board to decide to delay an item, either for further consideration or a report, and then spend the next 10 or 15 minutes kicking the subject around. That is what they did with the Spring Valley and, or Pine Hills items.**

At the conclusion of Tuesday's meeting, Supervisor Frank Gibson said the board should offer a silent prayer that the agenda was completed at all.

In any given day a Telephone Repairman might help a lady whose phone cord was melted by her electric iron; fix a phone that was making "funny little noises" and replace a frayed wire. And you know, many people are surprised to find this service comes at no extra charge!

So if your phone ever goes out of order you might have to use the phone next door to call Repair Service. You'll find the number listed in the front pages of your phone book. We'll see that your phone is fixed as soon as possible.

# Age No Cause For de Gaulle Retirement

George Clemenceau, the French Tiger was doing his most effective work at de Gaulle's present age, Francois Mitterrand said Monday evening.

Mitterrand, leader of the French Socialist Federation of the Left, the man who won eight million votes against President Charles de Gaulle in last December's presidential election, defended the general on the basis of senility or mental alertness.

Speaking in the Grossmont Junior College Youth Center and answering questions from a panel, Mitterrand admitted that de Gaulle's position as chief of state in France is deteriorating.

He admitted that the President's popularity diminished when he urged the French in Quebec to seceed.

He predicted a severe power struggle for leadership in French politics when de Gaulle steps down. Mitterrand said his popularity had increased since the French elections and that he is the likely major candidate to seek election "when the President withdraws."

Panelists were Del Hood, associate editor of the Daily Californian; Ray Reynolds of Grossmont College and Max Goodwin, editor of this newspaper.

# School Tax Vote Set For Feb. 6

The Lemon Grove School Board has set February 6 as the date of an election on an override tax.

Byron Netzley, school superintendent, said that voters will be asked to continue the present override tax for the next five years.

"It will not increase the tax burden," he said. "It will extend the current tax until 1973."

"The need for the income is very real," he said. "We need it to pay salaries, to purchase equipment and curriculum supplies, to pay the gas and electric bill, and to pay other operating expenses."

The capital outlay fund is separate. This money is part of the $1.35 tax rate out of which bond repayment and state building loan repayments are taken.

The present rate of $1.99, with the override tax will be continued if the election is supported. The override raises $200,000 a year.

POSTER PRINCESS: Lisa Garzenelli, four year-old daughter of Mr. and Mrs. Lawrence Garzenelli, 4717 Daytona, Lemon Grove, has been selected as the poster child of 1968 for the San Diego Chapter of the March of Dimes. Lisa was born with a spinal defect, which has restricted the use of her legs.

# MAIL BAG

Dear Editor:

Don't be brained-washed!!

Do we need more hospital facilities in the Grossmont Hospital District?

Yes, there may be a need, but not at the expense of the property taxpayer living within the District.

Why should this taxpayer living in the Grossmont Hospital District provide Hospital facilities for all people living in or out of the District?

A few years ago people living in the Hospital District were given a $2 a day discount on the room while at the hospital, however this has been taken away. Why???

If more hospital space is needed, it should be obtained by means other than District Property Tax money. (Private Capital — State or Federal funds where everyone pays his equal share), like a democratic government is operated.

In answer to Dr. Braumbaugh's letter of last week's issue — if he or anyone feels that the area needs more hospital facilities at the taxpayers expense, let them use the County University Hospital (formerly San Diego County Hospital) which is provided for them with property taxpayers money.

Dr. Braumbaugh stated that Mercy and Sharp Hospital were financed by Catholic and Lutheran faiths. This is not entirely correct, what money that is obtained is given in the form of donations or grants, not TAX-PAYERS funds.

We are told by one of the Hospital Board members that voting the bonds would not raise our taxes. It may not increase them but it will extend them. Whoever heard of getting something for nothing? Some one will have to pay and who else but the TAXPAYER?

I feel a NO vote is in order on the Hospital Bond Issue.

# We MUST End The Crisis At GROSSMONT HOSPITAL!

## YOU'LL SAVE BOTH LIVES AND MONEY BY VOTING "YES" TUESDAY

Your hospital tax rate will drop to nearly half (by 1972) of what you have been paying the past two years.

Grossmont Hospital is over-capacity right now. Another area hospital is using extended-care beds for acute cases, and the entire area will be short of beds before the new wing could be open in 1971.

The new wing will mean 500 new jobs for our area and $3,000,000 in new payroll.

Any delay in building the wing will not only extend our hospital crisis, but it will mean greater cost of construction for the wing.

THERES' NO QUESTION WE NEED MORE BEDS, MORE OPERATING ROOMS, AND OTHER LIFE-SAVING FACILITIES THE NEW WING WILL PROVIDE.

**YOUR "YES" VOTE IS OUR ONLY REAL SOLUTION AND THE MOST ECONOMICAL TOO!**

## THESE RESPONSIBLE FELLOW CITIZENS AND LEADING ORGANIZATIONS IN THE AREA ASK YOU TO VOTE AS THEY ARE — "YES".

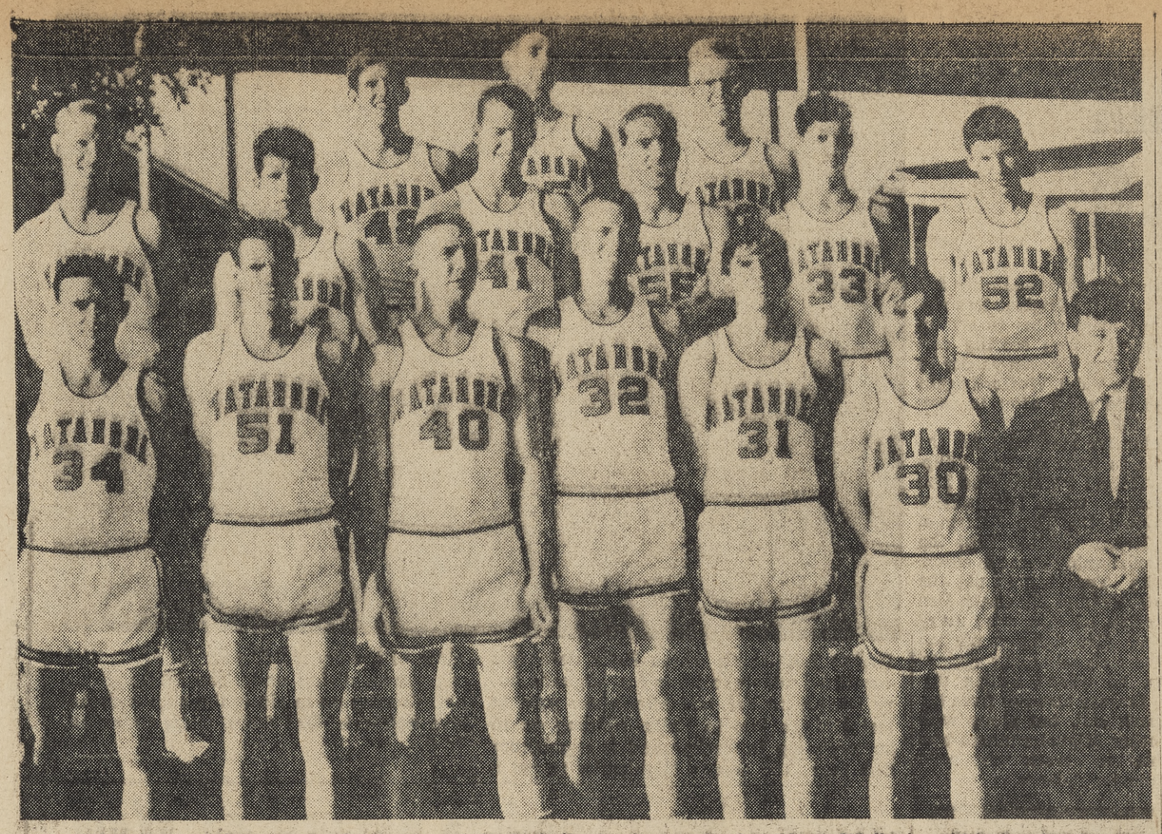
# Your 'YES' Vote Tuesday Could Save A Life!

(This advertisement paid for by Citizens for Grossmont Hospital Bonds, 5995 Severin Drive, La Mesa. Ralph Kulk, general chairman; Sumpter (Bud) Smith, treasurer)



TITLE DEFENDERS: This group of Mt. Miguel basketball players will be out to defend a paid of titles and possibly win one which eluded them as they prepare for the upcoming hoop season. The Matador cagers are defending Grossmont League Campions and are also winners of the summer league competition. The title which eluded the locals was the San Diego CIF finals, which they lost by one point. Mt. Miguel opens its new season a week from tomorrow in a 7 p.m. game against St. Augustine High in the Chula Vista gym. First home game for the locals will be the following night against Kearny at 8:30 p.m.

# Four Returning Starters Bolster Chances for Matador Hoop Repeat

Bolstered by the return of four starters from a team that finished second in the San Diego CIF playoffs, Mt. Miguel will embark on another basketball season a week from tomorrow in a 7 p.m. game against St. Augustine in the Chula Vista gym.

Coach R. L. Ridgway will welcome back nine returnees from last year's Grossmont League championship quintet. He will use these returnees to form the nucleus of a squad which will be favored to repeat as league kingpins.

Heading the list of returnees, will be second-team all-CIF forward Mike Ela, a 6-3 forward-center who leads the hoopsters in the scoring department and also is a key to the Matador rebounding game.

To support Ela in the Mt. Miguel bid for a shot at the county title this year, will be last year's starters Ken Greenman, Bruce Johnson, and Blake Mathews. Greenman and Mathews will play at the guard positions for Coach Ridgway, with Greenman also seeing action at the forward slot. Johnson will man a forward post for Miguel.

Other hoopsters expected to solidify the Mt. Miguel attack are Ken Barstow, Craig Guynn, Randy Hamilton, David Lower, and Mike Padgett.

Heading the list of hopefuls coming up from the junior varsity ranks, is Barstow, a 6-8 center, who played for the Miguel varsity during the CIF playoffs. Ridgway gives Barstow a good look at the center position, with Ela expected to play the post when Barstow is not being used.

The Mt. Miguel hoopsters will be out to protect two titles and a runner-up spot they achieved during basketball action last season. The almost-title is the second-place finish the Matadors attained in the CIF playoffs last season, with the locals losing to San Diego in the finals at Cal Western last February.

The titles referred to are Miguel's first place finish in the Grossmont League and also their championship in the summer league competition.

"Of course, everyone will be gunning for us," explained Ridgway. "We are the team everyone is going to be aiming for, so all our games are going to be tough ones."

In assessing his team's performance in the CIF playoffs last season, Coach Ridgway described the fact that Miguel accomplished the feat with four juniors on the starting lineup.

"I guess the only way to term our performance last year would be unusual," said Ridgway. "I don't think it has happened too often in CIF play."

Coach Ridgway indicated that his team will emphasize the fast break in its attack this season, stressing the quickness of his team.

"We want to get down the court fast, and get a shot before the opposition's defense can set up," explained Ridgway. "The fast break will be one of our most potent weapons."

Defensively, the Matadors will vary according to the situation, with Coach Ridgway stressing the man-to-man approach.

"We want to give the responsibility of watching a man to each one of the boys," said the Miguel mentor. "It's a good teaching device."

"The thing which impresses me most about this team is its quickness and teamwork," explained Ridway. "We should be pretty well balanced between offense and defense, and of course, we will take a little luck with it. It is always good to have some of that around."

## Fire Count Tumbles to Five In Slow Spring Valley Week

An electric shock, an auto accident and several illnesses, kept the ambulance crews of the Spring Valley Fire Department on the go, this past week, while only five fire calls were answered.

Sharon Piockowski, 16, of 10444 Don Pico rd., received an electric shock, was given oxygen and taken to Heartland Hospital on Nov. 13. According to the Fire Department report, she received the shock from a defective floor polisher.

Nov. 13. Ruth Graham, 23, of 546 Carlsbad st., was taken to the Lemon Grove Medical Center, due to illness.

There were four calls on Nov. 14; Mrs. Kathleen Tyler, 51, of National City, was taken to Grossmont Hospital, after being involved in an auto accident on Jamacha blvd.; Roy W. Bassett, 79, of 3406 Fairway dr., Brookside, taken to Navy Hospital, due to illness; Mable Jessen, 70, of 9902 Jamacha blvd., Space 107, taken from Fire Station No. 3. to a doctor's office, due to a cut thumb; and James E. Neal, 21, of 8823 Troy st., taken from the Spring Valley horse arena to Paradise Valley Hospital, after being kicked by a horse.

Nov. 15. Lindy Cassels, 15, of 9362 Piedmont st., who was visiting at 860 Grand ave., Apartment "E", was given first aid for a puncture in one of the palms of a hand.

Nov. 16. Steven Martlett, 3-years old, of 752 Osage st., taken to Navy Hospital, due to illness.

**Fires**

Nov. 13. A rubbish fire in a barrel, got out of control at 9245 Jamacha blvd.; and a brush fire at 10028 Campo rd., was put out, with no damage reported.

Nov. 14. Dry grass fire at 10315 Elmdale, with no damage; an investigation is under way for the cause of a shed being burned (slightly) at a service station at Bancroft and Campo rd.

## S.V. Council to Meet Monday

Spring Valley's Chamber of Commerce will hold a general membership and public meeting Monday night at 7:30 p.m., with the main topic to be considered that of a Flood Control Plan.

Featured on the program will be Bob Hoffmaster, Flood Control Engineer and William Stell, Senior Civil Engineer for San Diego County. Special districts will present the Flood Plan information concerning Spring Valley Creek, prepared by the U.S. Army Engineer Corp.

Upcoming elections will also be discussed by the citizens at the meeting, with a representative of the Bond Committee for Grossmont Hospital to speak briefly. Fact sheets will also be available for the Park and Recreation District Annexation election Dec. 12.

Community Council Treasurer, Elda Carvocano, reports that while the Council is holding the line on income and expenses, the treasury may not be able to afford to hold the Christmas Home and Business Lighting Contest this year. Between $50 and $75 is needed for the event.

## Unincorporated Area Gets Alcohol Funds

The unincorporated area of San Diego County has received $45,101 as its six-month share of the special fees paid by holders of alcoholic beverages licenses.

The payment was made by the state's department of alcoholic beverage control which allocates 90% of all license fee money back to individual cities and counties where it is used to offset the costs of police and fire protection, schools, highways, hospitals and other government services. The remaining 10% goes into the state's general fund where it is used for similar purposes.

## Parent Session Next Wednesday

Mrs. Donald Ball, Parent Education chairman, announces that the next Parent Information session will be held next Wednesday at Casa de Oro Elementary School at 2 p.m. in the cafetorium.

Guest speaker for the event will be Mrs. Leoda Anderson, district psychologist, who will speak on "Children's Play Hour".

Also on the program will be a demonstration on toys by a representative of the Walker Scott Co., pointing out to the parents the durability, safety features, and educational value of today's toys.

A social hour will follow the lecture and the public is cordially invited to attend.

## Hardison's Telespanish

by James Hardison

How do you use the words "fue" and "fue?" These words identify the past tense of the verb "to go". The word "fui" means "I went" and the word "fue" can mean "He went."

An expression with "fue" could be "Fui ayer." (I went yesterday.) or "Fui con ella." (I went with her.). In both of these expressions the subject, "yo" (I), is understood and not written. We must take care to pronounce "fui" correctly as "foo-EE."

The word "fue" also means "went." This word can have three different subjects. For example, we may say "el fue" (he went), "ella fue" (she went) and "usted fue" (you went). Phonetic pronunciation for "fue" is "foo-EH." It is always best to say "el," "ella," or "usted" with the word "fue" to assure that the subject for this verb will be clearly understood.

By contrast, the word "fui" does not require that the subject be written or said. The expression "Yo fui" (I went) is the same as "fui" (I went). In the first example the subject "yo" (I) is written. In the second example the subject "yo" (I) is not written. Both phrases have the same meaning.

Today's practice phrases demonstrate the use of "fui" and "fue." The phonetic guide gives some assistance in correct pronunciation of the phrases. Refer to it for pronouncing each word and phrases.

# Free Chinese Wage Fierce Battle For High School, College Chance

**Readers Note: Paul Mizisin is a Monte Vista High School senior who is spending this year traveling around the world with his teacher-parents, Mr. and Mrs. Andrew P. Mizisin, of 4963 Vista Arroya, La Mesa, Calif. His parents are making films and educational studies of schools abroad. Paul files, with his journalism teacher each month, a 1,000 word report aimed principally at teenagers. The following is a condensation of his latest report from Taipei, Taiwan.**

**by Paul Mizisin**

Taiwan is a beautiful island 80 miles off the southern coast of the Chinese mainland. Since the Chinese Communists overran the mainland, Taiwan has been the stronghold of the Government of the Republic of China headed by President Chaing Kai-shek. Hence, it is commonly referred to in the West as "Free China".

With compulsory education ending at the ninth grade, competition for high school, grades 10, 11 and 12, is keen. One statistic that sticks in my mind is that at Chien-Kuo Middle School, the best high school in the Republic of China, out of 100,000 who took examinations to enter high school only 7,000 have been accepted to attend this school. Many students stay until late in the afternoon; the school is open on holidays and even on Sunday for free use by the students.

Each school has a different uniform which not only indicates which school a student attends but also has the student's name and serial number written on it. Because of the position of this island to Red China, all high school boys practice army drills while the girls learn first aid and nurses training, but ther are no actual combat courses. Many of these students fled from Communist China with their families only 17 years ago.

Of the 50,000 students who take college entrance examinations this year, only 1,000 will pass, simply because there just aren't enough places available. A Chinese friend of mine says trying to gain entrance to college "is the cruelest contest in the whole world, I guess. In order to enter the better university we must work very hard and spend six or more hours to study each day after eight hours in school. I hope I pass the examination."

No dances or parties brighten the life of the Chinese teenager. If not in high school, he is out working to help support his family. If he has free time, he usually visits the many movie theaters in Taipei on Saturday afternoon. Excellent movies are shown. I have seen advertisements for "The Bible," "A Man for All Seasons," and "Hawaii" for half the price it costs in the United States.

The only evidence of dating among high school students that I have observed is a boy walking with a girl. There is not much communication between high school students or any man and woman until they are married. This, of course, is part of the tradition of people of the East.

One is rich in Taiwan if he owns a car. Motorcycles are very popular although they are extremely dangerous, especially in the heavy traffic of Taipei. I have seen a family of six riding one motorcycle—the mother with a baby strapped to her back and two small children between her and her husband, with one child on the handlebars.

Many Chinese, all of whom are intense Buddhists, believe that there is a saying by the philosopher Confucious which fits any situation in life. For instance, the following saying gives advice to those in school: "Learning without thought is labor lost; thought without learning is perilous."

It makes sense to know the seven warning signals of cancer. They're your body's way of telling you something is wrong and needs looking into.

## Helix Marching Units In All-Western Show

The Helix High School Marching Band will compete for the sweepstakes award in the All-Western Band Review at Long Beach, this Saturday.

The Helix band was first runner-up last year in the division for large schools. Sweepstakes was awarded to Arcadia High School. According to Mr. Carl Thompson, Helix band director, Arcadia should again be a strong contender for the top honors.

The 85 participating high school bands will parade through downtown Long Beach before the actual judging. A panel of critics will then evaluate the performanceses by standards of music and appearance.

The event is considered by Mr. Thompson to be the most important competition of the year. "The band will enter the competition after many hours of rehearsal with hopes of capturing sweepstakes," Mr. Thompson said.

Arthur Miller's first award winning play, All My Sons, is now in rehearsals for the Helix Senior Play.

All My Sons is a drama of the effect war can have on a family.

"The cast has responded well to this challenge and will present an engrossing performance," Mrs. Evonne Noll, director, said.

This year's presentation will combine the efforts of both old and new talent from all classes. The show will be presented Nov. 30, Dec. 1 and 2. The prices of the show will be 50 cents for seniors and 75 cents for other students and the general public, $1.

## Mental Unit For Lemon Grove Brings Protests

SAN DIEGO (CNA) — Renewals of permits for Vista-La Mesa park and a new permit for a mental health facility in the Lemon Grove area were approved on Friday by the County Planning Commission.

The mental facility caused the most controversy as a substantial local protest was lodged with the commission, probably assuring the matter will be appealed to the board of supervisors.

Ruth V. McCoy, the applicant, asked for permission to house six girls between the ages of 15 and 20 at 7122 Mt. Vernon ave. The girls will be those released to Mrs. McCoy by the state after mental treatment.

Mrs. McCoy's facility is intended to be the home of the girls as they re-enter society.

The girls will attend, for the most part, high school or special classes within the community and will not be confined to the premises.

Vista-La Mesa Park is used for Little League play and the permit was granted for three years.

# Matador Defense Tough, But Helix Prevails in Grossmont Finale, 14-0

Despite continued defensive heroics by Mt. Miguel, Helix pushed across second and fourth quarter touchdowns to deal the visiting Matadors a 14-0, loss in the Grossmont League finale for both teams.

The victory enabled the Highlanders to remain in a tie for the circuit title with Grossmont, but Grossmont's victory over Helix earlier in the season gives the Foothillers the right to represent the county circuit in the upcoming CIF playoffs. Helix is still being considered for an at-large berth in the competition, but it appears that powerful Lincoln has the inside track for that position.

The hard-fought loss left the Matadors with a respectable 4-3 Grossmont League record and a third place finish in league play. Miguel trailed kingpins Grossmont and Helix, along with runner-up El Capitan, in the standings.

The contest was a defensive struggle all the way, with Mt. Miguel limited to a total offense of just 177 yards and Helix gathering just 213 yards against a pair of rugged defenses.

The offenses traded the ball in the first quarter, with the deepest penetration by either team coming when the punchless Matadors struggled to the midfield stripe. The locals were hit with a crucial blow when they lost end and captain, Bruce Johnson, with a leg injury early in the game. Johnson played sparingly the rest of the game and was ineffective because of the hobbling leg.

Helix couldn't budge the ball against the pursuing Mt. Miguel front wall and linebacking corp until midway into the second period. At that point, back-to-back 20-yard tosses from Highlander quarterback Greg Gleason to halfback Bart Williamson provided the host eleven with a touchdown. Brian Wofford made it 7-0 with the extra point run.

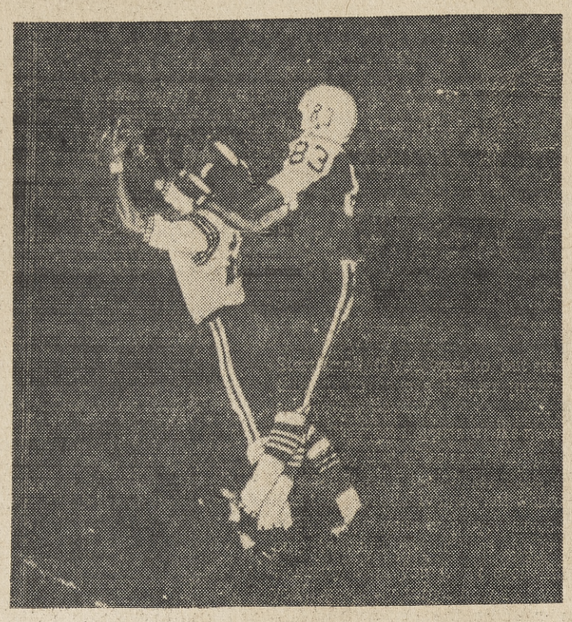
Miguel staged its best offensive drive of the night following the Helix touchdown, as the Matadors marched all the way to the Highlander 20-yard line before the drive stalled. A pair of penalties figured in the missed chance for a six-pointer.

The two teams struggled through the third period, with the Matadors not allowing their opponents to reach the Miguel 40-yard line, but midway into the final period Helix gained possession of the ball deep in their own territory and marched the length of the field to record an insurance tally.

A Mt. Miguel forward wall that had been impregnable for three periods suddenly fell apart and the Highlanders ripped off huge gains to set up another Gleason scoring aerial, this one a seven-yarder to end Mike Vidal. Wofford again added the point after to complete the scoring.

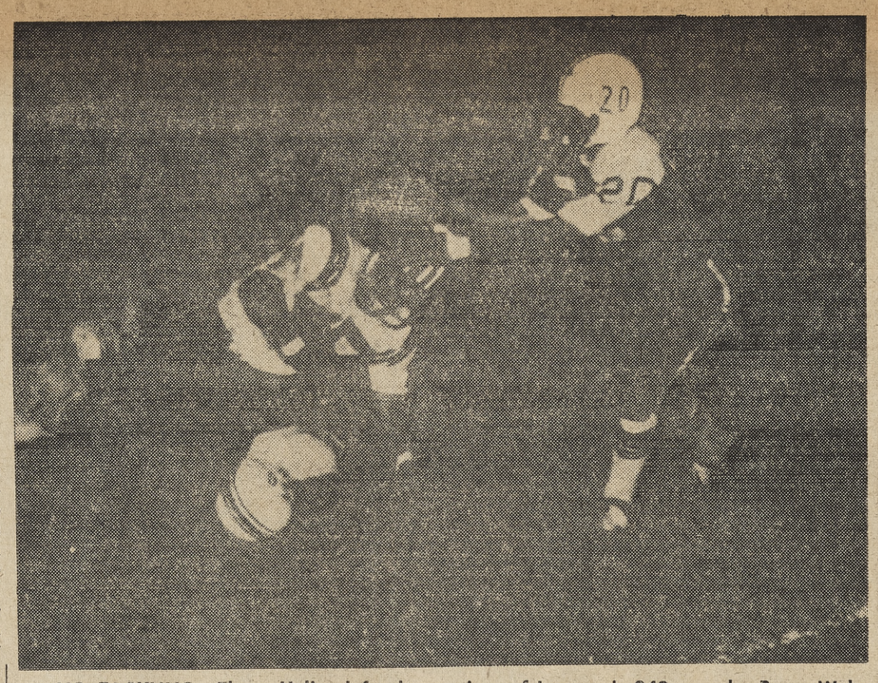
Defensive standouts for the Matadors included Dan Fillippini, Harold Phillips, and Bob Jacobson, while Highlanders Ed Couvrette, Tom Peterman and Bruce Walton kept the Miguel running game in check.

Mike Tyer again did the quarterbacking for Coach Ben Cipranic's offense, with Jerry Lowery also doing a portion of the signal-calling chores. When he wasn't calling signals, Lowery also ran from the halfback slot, but along with the other Miguel runners was unable to crack the solid Highlander defense.



BIG GRAB: Helix pass-catcher Mike Vidal appears to have snagged both the ball and Mt. Miguel defender Mike Tyer's head. Actually, Vidal only came up with the ball, and even that didn't do him much good. The play was called back because of a Helix penalty. However, the Highlanders came back and scored on the drive to down the visiting Matadors.

CRUCIAL BLOW: The Mt. Miguel offense and defense was dealt a crucial blow early in the game with an injury to Matador star, Bruce Johnson. The Miguel captain limps off the field in the first quarter, following a concerned, Coach Ben Cipranic. The Matadors failed to mount an offensive threat against Helix, with Johnson playing sparingly in the contest.



GANG TACKLING: Three Helix defenders combined talents to bring Mt. Miguel's Jerry Lowery to the turf after short gain in last Friday's loss to Helix. Holding on to Lowery's leg in background is Highlander Bob Lean. The second Highlander to get a piece of Lowery is 240-pounder Bruce Walton shown diving under the Matador runner. Coming up to aid in the stop is defensive halfback Mike Stein. Helix prevailed, 14-0.

## Monarch Girls Dive Right In

More and more girls are getting into the "swim of things" at Monte Vista High School.

From three years ago and 25 girls, the team has increased to over 50 girls. Along with the additional swimmers, there is also more participation of the swim team parents. They act as timers at the meets and have provided part of the rental of the pool at Carman Ranch.

The students also help in mony making. Last year they ran a car wash, and this year a swap meet was held. Proceeds go toward building a swimming pool at Monte Vista.

Monte Vista's swim coach, Fred Wadsworth, points out that the pool would not only provide a place for meets, but would also be available for public use, such as in backyard swim programs.

There are five schools in the Grossmont district with girls swim teams and 15 schools in the county. The schools compete in league and county finals.

Coach Wadsworth says he feels that "girls' swimming is just as important as any other league sport. It isn't just a side sport."

At the end of the year the girls have an awards night at which, instead of letters, the swimmers receive medals that can be worn on chains.

## Golden Bowl Leaders Record 23 Wins

It was interesting to note, while looking over the league standings at Golden Bowl, that the leaders in five of the leagues had 23 wins each. Here are some of the standings as of Monday, Nov. 20.

Pyrite: So. Bay Trade School in first, with 23 wins and 9 losses; Team No. 6 in second, with 22 wins, 10 losses; and Belden Thompson and Son, third, with 19 wins, 13 losses.

Twilighters: Jackaxes in first, with 23 wins, 9 losses; Shay-Wen, second, with 20 wins, 12 losses; and Do or Dye, third, with 16 wins, 16 losses.

Happy-Go-Lucky: H and S in first, with 23 wins, 13 losses; Team No. 1, second, with 22 wins, 14 losses; and Team No. 2, third, with 20 wins, 16 losses.

"900" Classic: Albert's Oilers in first, with 23 wins, 10 losses; Owen's Richfield, second, with 20 wins, 13 losses; and Starlight Plumbing, third, with 19 wins, 14 losses.

Alley Kats: Kool Kats, first, with 23 wins, 13 losses; Alley Gator Cats, second, with 22½ wins, 13½ losses; and Hep Kats, third, with 22 wins, 14 losses.

Hits and Misses: Roly Holers, first, with 24 wins, 12 losses; Limelighters, second, with 23¾ wins, 12½ losses; and Kunkel-Botts Ins. and Bombers, tied for third, with 23 wins, 13 losses.

Lads And Lassies: Termites, first, with 24 wins, 12 losses; Excuse Us, second, with 22 wins, 14 losses; and Amy's Remnant Shop, third, with 18½ wins, 17½ losses.

Commanche Warriors: Team No. 14, first, with 22 wins, 8 losses; California Fire and Rex and Fred's Richfield, tied for second, with 21 wins, 9 losses; and tied for third, Aztec Bowl and Harco Engineering, with 17 wins, 13 losses.

Valley Trio: Streamliners, first, with 22 wins, 2 losses; Here-Tiz in second, with 15 wins, 9 losses; and Team No. 7 is third, with 13 wins, 11 losses.

Business Men's Doubles: Team No. 1 in first, with 19 wins, 14 losses; Walton T.V., second, with 18¾ wins, 14½ losses; Double Trouble, third, with 18 wins, 15 losses.

Gold Coin: Wooden Nickels and Meadowlarks, tied for first, with 21 wins, 11 losses; Gold Minds, second, with 18½ wins, 13½ losses; and Goldbricks, third, with 18 wins, 14 losses.

Casa De Oro Trio: Canfield Brakes and Whoo Noze, tied for first, with 29 wins, 15 losses; Sooners in second, with 28 wins, 16 losses; and Golden 3 in third, with 25 wins, 19 losses.

Telco: Short Circuits, first, with 16 wins, 8 losses; Hustlers, second, with 15 wins, 9 losses; Los Conquistadors, third, with 14 wins, 10 losses.

Gold Dusters: Sunset Fireplaces, first, with 20 wins, 7 losses; Team No. 2 and Russ' Chevron, tied for second, with 18 wins, 9 losses; AAA Furniture, Bill Helm Chevron and Debby's, tied for third, with 14 wins, 13 losses.

His and Hers: Pin Dusters, first, with 31 wins, 9 losses; The Bushwackers, second, with 28 wins, 12 losses; and in third, the Spring Valley Varmints, with 26 wins, 14 losses.

## Sutton Tops Monarchs With 230-Yard Night

Tailback Dennis Sutton, returning from a week's layoff during which he saw his team lose sole possession of first place in the Grossmont league, rambled for 238 yards rushing to lead the Grossmont Foothillers to an easy, 35-7, win over Monte Vista last Friday night.

It was the last chance Monte Vista had to win a game at home in their new stadium this year. But Sutton, and quarterback Russ Proctor, proved too much for the Monarch defense, and the Spring Valley team was dealt its sixth circuit loss against one tie. Overall the Monte Vista eleven finished with a 1-6-1 record. Coach Dick Fager's lone win of the year came in the team's opening game against Mission Bay.

The victory gave the Foothillers a 6-1 league record, identical to that of Helix. In their meeting this season, Grossmont dealt the Helix eleven a 13-6 loss.

Grossmont scored in every quarter, with Proctor getting the ball rolling by capping a Foothiller drive with a one-yard plunge in the first period.

The rampaging Foothillers added two-six pointers in the second stanza, with Sutton scooting 13 yards for a tally, and Harry Tong hauling in a 34-yard scoring aerial from Proctor.

Monte Vista recorded its lone touchdown before halftime, with end Bill Worden scoring on a one-yard toss from quarterback Chuck Downing. Downing added the extra point, and the Monarchs left the field at halftime trailing, 21-7.

Sutton put the game out of reach in the third period with a 17-yard scoring jaunt, and the Foothillers added an insurance tally in the final period on a 20-yard pass play from Proctor to Tong.

Sutton, the county's leading scorer and ground gainer, added all five extra points for the winners.

## Bus Haul Heavy

Special Stadium Buses have transported more than 40,000 football fans to the first eight games of the Chargers' current season. This number represents approximately 11 percent of the total attendance or enough to comfortably fill the Stadium on any one day, according to Tom Prior, General Manager of the San Diego Transit Corp.

Two hours before game time some 40 buses have shuttled passengers from six key locations in the city to the Stadium. Originating in various points throughout San Diego County, another 50 charter buses have brought fans from outlying points. This number includes the four charter buses which are assigned to transporting the opposing team's squad and visiting fans from the airport.

## Kiwanis Luncheon to Kick-off Annual Basketball Tournament

The 21st Annual Kiwanis Basketball Tournament kick-off luncheon will be held next Tuesday at the Palm Room of the U. S. Grant Hotel. The San Diego Kiwanis Club will have as their guests; principals and coaches of the 36 high schools that have teams entered in the tournament, plus the press and TV media. The guest speaker will be Jack McMahon, manager and coach of the San Diego Rockets.

This year the tournament has increased the number of teams from 32 to 36 and has added a new division; the Classified Division. Four teams will make up the new division and it is anticipated that there will be at least eight teams in this division by next year.

Perpetual and team trophies are awarded to the winners of each division, plus runner-up and consolation team trophies. There are also individual awards to the members of the winning team and individual trophies to the boys that are selected on the all-star team in each of the divisions.

Each year the tournament establishes new scoring records. Last year three records were broken. Blaine Bundy, El Capitan High School, scored 46 points to establish the individual single game scoring record; Mt. Miguel scored 94 points against Madison's 76 for a total of 170 to establish the highest total score for one game; and Hilltop High School scored 291 points for the highest team total score in the tournament. It appears that these or other records have a good chance of being broken during the 1967 tournament.

One of the major changes in the tournament this year will be the playing of the preliminary rounds at junior college gymnasiums. At the suggestion of the coaches, the tournament committee arranged for neutral sites, and will use Grossmont, Mesa, Palomar, and Southwestern Junior Colleges for the preliminary rounds. The final games will be played at San Diego State College's C. E. Peterson Gymnasium, on Tuesday, December 19.

## MM Band Triumphs At Arcadia

For the second time this fall, the Mt. Miguel High School Band of Spring Valley has won first place in a major band review. With a score of 94.7, the Matador Band received first place in Class A at the West Arcadia Invitational Band Review on Saturday November 18.

There were 38 bands in competition. The previous first place for Mt. Miguel had been at Santa Monica on October 28.

The Mt. Miguel Cape and Cadence Corps brought home third place in class A; the Matador drum section had the second highest score in drum competition, and drum major Nancy Mumaw received third highest score among drum majors at the review.

Castle Park directed by Michael Luzak, a former student of Mt. Miguel band director Lawrence Curtis, won third place in Class C. Chula Vista did not place. With a score of 92.0, Hilltop, winner of the Autumn Band Review, did not place because of a penalty.

How do you own a stack of Savings Bonds when you're older?

Start young.

Start small, if you want to, but start steady. The important thing is to have a regular program of setting *something* aside every payday.

What's most important: it's never too early to begin.

You say that takes more will power than you can muster up on a regular basis? Then use the easy, automatic way: join the Payroll Savings Plan where you work.

This way your employer saves your money *for* you—puts it toward the purchase of a U. S. Savings Bond.

Pretty soon you won't even miss the money. In fact, you'll probably forget how fast your savings are growing.

Here's a for-instance: just $4.33 a week adds up to the $18.75 you need to buy a $25 Bond every month. That's $300, maturity value, a year. Not bad for a former spendthrift! What's more, those few dollars you're tucking away to grow will be working all the time to help keep our country strong and free.

So start now, start young, building up the savings that count so much later on. Join the Payroll Savings Plan before next payday.

# Helix Senior to Represent District In Governor's Teenage Safety Drive

Helix High student Carolyn Shaw has been selected to represent the Grossmont Union High School District in the first annual Governor's Teenage Safety Drive to begin in Sacramento on Dec. 12 .

Principals of the eight district highs selected a student to represent their school. A district committee then interviewed the students and selected Miss Shaw to represent the district. Runner-up to Miss Shaw in the local selections was senior Chuck Downing of Monte Vista High.

The top teenage driver in each of 30 selected high school districts, accompanied by selected driver education instructors serving as observers/advisors, will participate in a safety drive from the state capitol, Sacramento, to the Los Angeles Policy Academy, Los Angeles. The route is to be charted, timed and mapped by the California Highway Patrol and the California State Automobile Clubs.

Announcement of winners, and awards, will be made at a special Governor's Teenage Safety Drive luncheon as part of the Annual Governor's Conference on Traffic Safety at the Biltmore Hotel in Los Angeles on December 14.

The interview board members which selected the qualified applicant were: Mr. Clark Hatch, President of Hatch Chevrolet, also Vice President of the San Diego Traffic Safety Council; Dr. Samuel S. Sloane, Optometrist and member of the Optometric Safety Council; Mr. Gene Seltzer, Traffic Safety Consultant for the Automobile Club of Southern California; Mr. C. Ray Capelo, member of the San Diego County Independent Insurance Agents Association.

All expenses will be paid by the Governor's Committee on Traffic Safety and the California Traffic Safety Foundation.

In order to have been eligible to be selected, each teenage driver must be a high school senior, have a grade average of B+ or higher, have completed accepted courses in driver education and behind-the-wheel training, have a valid California motor vehicle operator's license, and have had no moving violations (citations) or accidents in the past two years.

MR. AND MRS. RAYMOND HANEY

# Amis, Haney Wed Tuesday In Salt Lake City Temple

The marriage of Miss Linda Jo Amis and Raymond Lee Haney was solemnized last Tuesday in the Salt Lake Temple, Church of Jesus Christ of Latter-day Saints, Salt Lake City, Utah.

The bride is the daughter of Mr. and Mrs. C. V. Amis, 8452 Golden ave., Lemon Grove. The bridegroom is the son of Mrs. Ross McTlvain, Madison, Kansas, and Mr. Carl W. Haney, Blue Springs, Missouri.

Following the ceremony a dinner was served in the Hotel Utah for relatives and friends. After a honeymoon in Utah and Nevada a reception is planned for 200 guests, Saturday evening December 2, at San Diego State College.

The bride is a graduate of the LDS Institute of Religion, Mt. Miguel High School and attended Brigham Young University. She received her Bachelor of Arts Degree from San Diego State College in June of this year.

The bridegroom served a full term with the Naval Air Force and 2 years as a missionary for his church in the Eastern States Mission. He attended Brigham Young University and is presently combining work as an electronics technician for Stromberg-Carlson with continued study in San Diego, where the couple will make their home.

## Mobile Dairy Visits Spring Valley Schools

La Mesa — "Geraldine," a Guernsey cow, and her two month old calf, "Daisy Mae," have begun visiting schools in the Spring Valley area in a plush trailer van as a unique new addition to the classroom curriculum at elementary schools.

The live cow and calf in their mobile dairy unit, under instructor, Larry Bentley, has started the first program of demonstrations in the county for kindergarten through sixth grade classes, showing the youngsters where milk comes from and how cows are fed and milked.

The 15 to 20 minute presentation reveals a part of the agricultural environment to the children and is designed to supplement their studies in heilth, science, and social studies. The unit is sponsored by the Dairy Council of California.

# Monarch Marchers Runnerup

Monte Vista High's Marching band came within a percentage point of winning the top prize in the Parade of Champions in San Diego, Nov. 4. The Monarch marchers finished third in the competition.

Edging the Spring Valley high school band was Hilltop and Helix. Hilltop accumulated 92.90 points out of a possible 100, while the third place Monarchs tallied 92.45 points. The winning Hilltop band earns the right to represent San Diego in the Rose Parade.

"It was the finest performance of any Monarch band, including the one at El Monte last year when we won sweepstakes," commented Mr. Monte Snyder, band director. "The competition was rough and we competed in the large school class. It was particularly satisfying we beat our arch rivals, Mt. Miguel and Grossmont, for the first time ever."

Judging for the event was based on marching, music, showmanship, and inspection.

It was the second near miss in two weeks for the Monte Vista band. Last week the Monarchs finished second in their class in competition at Santa Monica. The first place winner in the division compiled 93.2 points, compared to 93 for the locals. The performance was for the Santa Monica College Homecoming Parade.

On Nov. 11, the Monarch marching band took part in the Grossmont District Band Jamboree, a non-competitive performance used to gain funds for the high school bands in the district. The Monte Vista group put on a jazz show as their contribution to the program, which was held in Aztec Bowl on the San Diego State campus.

## MacQueen Rites Held

Funeral services for Mrs. Carmen MacQueen, 56, of 3325 Citrus st., Lemon Grove, were held last Thursday at Conrad Lemon Grove Mortuary, with interment in Mt. Hope Cemetery. She died Nov. 14 in a hospital.

A native of Mexico, Mrs. MacQueen had lived in San Diego County 28 years. She and her husband, William L. MacQueen, operated Bueno's Mexican Food at 7309 Broadway, Lemon Grove. He is her only known survivor.

Donations in Mrs. MacQueen's name, are being accepted to the Good Samaritons, 470 blvd., Agua Caliente, Tijuana, Mexico.

# Strength, Endurance of Grove Man Aiding Navy in Vietnam Conflict

Photos and Story by
JOSN Bill Polick, USN

USS ORISKANY (CVA-34) (FHTNC) — They work with danger 12 to 14 hours a day. They push it, pull it and lift it. They work where a single spark from a match being struck could blow a ship apart along with its crew. Even their uniforms warn of the hazards of their trade. Each man wears a red shirt as a signal to his fellow sailors.

These are the ordnancemen aboard Task Force 77 aircraft carriers in the Tonkin Gulf off North Vietnam who keep carrier-based Navy planes armed with the bombs, rockets and missiles they need to slow the flow of supplies from North Vietnam to the enemy in the south. One of these men is Gunners Mate Seaman Douglas R. Andrews, USN, 20, son of Mr. and Mrs. Robert T. Andrews, of 3011 Nathan st., Lemon Grove., an ordnanceman serving aboard the attack aircraft carrier Oriskany.

Said one ordnance officer of his crew, "I'm impressed with the way these men lift bomb after bomb for long periods and keep going. They never seem to let down. These boys do this for an entire line period, about 30 days in a row."

The ordnancemen are thoroughly versed in the safety precautions they must observe in handling the bombs and rockets and missiles as they are moved from place to place aboard ship.

SEAMAN ANDREWS

Most ammunition arrives on carriers during under way replenishment and is carefully moved by ordnancemen to the magazines far below decks. When bombs are needed for an air strike, they are first moved to a higher deck where stabilizing fins are attached and then sent to either the flight deck or hangar deck to be loaded onto the planes.

Although ordnance is moved from deck to deck by special elevators, men all along the way from magazine to point of assembly to aircraft must still heft the up-to-2,000-pound bombs manually. When a bomb, missile or rocket reaches the flight deck and is ready to be hung beneath the wing of an aircraft, it is the hands of ordnancemen who precariously lift it and snap it into place.

Two groups of ordnancemen team up to keep the aircraft loaded, one from the ship itself and one from the aircraft squadrons stationed aboard. The carrier's men are responsible for storing ordnance and bringing it to the flight deck where the squadron ordnancemen take over, loading it onto the planes.

Minutes before the plane pulls onto the catapult to be launched toward its target in North Vietnam, an "arming crew" of two men from each squadron remove the final safety pin and the bombs and rockets are ready to carry out their deadly role.

Speed and muscle are important factors in the jobs of ordnancemen. With sorties being flown on an average of every hour and a half, the red shirts must move thousands of pounds of explosives in less than 45 minutes.

They do.

200 MISSION CLUB: A San Diego naval aviator was honored in a formal ceremony recently for completing 200 or more missions over Vietnam. He is Lt. Richard A. Cook, son of Mr. and Mrs. Gordon A. Donald of Spring Valley, Calif. and the husband of the former Miss Delece Everet.
The ceremony was held aboard the attack aircraft carrier USS CONSTELLATION (CVA 64). Cook and 41 other aviators from Carrier Air Wing 14 were welcomed to the "200 Missions Club" by RADM Ralph W. Cousima, the Commander of Task Force 77. Cook and the other new members of the "200 Missions Club" conducted more than 9,000 missions over North Vietnam since Constellation arrived in the Far East on May 27.
Cook, who is attached to Fighter Squadron 142, an integral part of Carrier Air Wing 14, has flown 243 missions over the heavily-defended areas of North Vietnam.
When asked about the "200 Missions Club," Cook said: "It's nice to know that the people back in the States will have a way of hearing that we are flying a good number of missions here in Vietnam."
Cook is a graduate of Mt. Miguel High School and Stanford University.

# Build Now, Save Later Says Hospital Backers

Voters can save money and also solve the critical bed shortage at Grossmont Hospital by approving the hospital bonds Nov. 28, Ralph Kulk, Citizens committee chairman, declared.

The bonds will finance a proposed 300-bed wing that would add intensive care units and operating rooms, and enlarge laboratory, x-ray and emergency facilities.

Kulk gave three reasons voters should consider:

1. Construction costs continue to rise. By building the needed new wing as soon as possible it will cost less than if it is delayed.

2. Local hospital tax rates for the first four years of bond repayment (1969-72) will average about 21 cents per $100 assessed valuation, about what taxpayers have been paying for the past two years. Then, in 1972, the rates will drop dramatically to about 11 cents.

3. Should you need hosiptalization and you can't get in Grossmont, you will pay from $4 to $6 more per day at another hospital. (Grossmont rates are lower.)

Kulk said the tax rate figures are based on expert estimates by the hospital's bond counsellors, O'Melveny and Myers, who have made a careful study of the district, and have a thorough knowledge of the bond market.

"After 1972, the bond repayment tax rate will drop steadily from 14 cents per $100 assessed valuation to 10¾ cents in 1982.

## WITH OUR ARMED FORCES

**AIRMAN MOORE**

WITH U.S. COMBAT AIR FORCES, Vietnam — Airman Second Class Michael G. Moore, son of Mr. and Mrs. Joseph P. Moore, of 3052 Helix st., Spring Valley, had a vital role in a recent unusually significant air strike over North Vietnam.

The 21-year-old weapons mechanic helped assure that an F-4 Phantom under his supervision was in top condition for a successful flight over enemy territory and one which marked the 40,000th combat sorties flown by his unit during 22 months of Vietnam operation.

His organization, the 12th Tactical Fighter Wing at Cam Ranh Bay, is the largest unit of its kind in Vietnam. Wing aircrews fly the fighter-bomber to provide close air support for ground troops, sever transportation routes used to resupply the enemy and strike hostile positions by radar-controlled bombing.

Airman Moore was reassigned to the combat zone from George AFB, Calif.

A 1964 graduate of Monte Vista High School, he attended Grossmont College, El Cajon, Calif.

**PH2 FREEMAN**

IMPERIAL BEACH, Calif. — Photographer's Mate Second Class Reece T. Freeman Jr., USN, son of Mr. and Mrs. Reece T. Freeman Sr., of 7875 Palm st., Lemon Grove, is serving with Anti-Submarine Squadron (HS-10) Ten at the Naval Auxiliary Air Station, Ream Field at Imperial Beach, Calif.

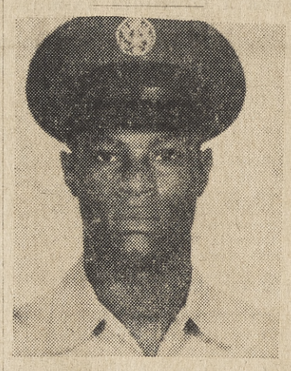
His squadron provides anti-submarine training to pilots and maintenance personnel of the Pacific Fleet.

**CORPORAL LYDA**

DA NANG, VIETNAM — Marine Corporal Ronald Lyda, son of Mr. and Mrs. Daniel E. Lyda, of 526 Alene st., Spring Valley, is serving with Marine Composite Reconnaissance Squadron-One, First Marine Aircraft Wing at the Da Nang air base, Vietnam.

His squadron conducts aerial photographic reconnaissance, airborne electronic and communications countermeasures and airborne electronic reconnaissance in support of Fleet Marine Force operations.

The First Marine Aircraft Wing forms the air element of the Marine Corps air-ground team and provides close air support for Marines on the ground conducting search and destroy missions against the enemy in South Vietnam.



AIRMAN WELCH

SAN ANTONIO — Airman Howard Welch, son of H. W. Welch of 151 Lousanne st., San Diego, has completed basic training at Lackland AFB, Tex. He is now assigned as an administrative specialist with a unit of the Air Training Command at Chanute AFB, Ill.

Airman Welch, a 1966 graduate of Lincoln High School, attended San Diego City College. His mother, Mrs. Thelma Welch, resides at 1558 San Altos st., Lemon Grove.

**CORPORAL COPELAND**

Marine Corporal Bryan Copeland, 8111 Golden ave., Lemon Grove, will return home in January after completion of 13 months overseas. He has been stationed at the Third Force Service regiment in direct supply support for the United States Marine Corp forces in Vietnam.

**ENSIGN BARTHOLOMEN**

USS BLACK — Naval Reserve Ensign Leon B. Bartholomen, US-7130-C London ln., Lemon Grove, is off the Coast of Vietnam aboard the destroyer USS Black.

During the deployment the ship will provide gunfire support and participate in various operations with the U.S. Seventh Fleet.

**PVT. HUGHES**

SAN DIEGO — Marine Private Michael A. Hughes, son of Mr. and Mrs. Olen G. Hughes, of 7308 Goodman ln., Lemon Grove, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

He will now undergo about three weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45 calibre pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

Little Lisa Garzenelli

# Grove Girl Dimes Poster Child

Pretty Lisa Garzenelli is a most important person indeed for one who is only four and a half years old.

The little Lemon Grove girl has been selected by the San Diego chapter of the March of Dimes as the 1968 poster child. She symbolizes an estimated 1,500 children born each year in San Diego County with a birth defect.

Lisa was born with spina bifida (an open spine) and it affected the use of her legs.

The spunky child, daughter of Mr. and Mrs. Lawrence Garzenelli, 7417 Dayton, attends an El Cajon school for the handicapped and receives examinations every six weeks at the Los Angeles Orthopedic Hospital which is partially sponsored by the March of Dimes.

The voluntary health organization, which will be marking its 30th anniversary during the January drive, also finances 90 birth defects centers throughout the country.

Lisa, who has two healthy sister (Karen, 5, and Laurie, 1½), moves about on crutches with her little legs supported by braces.

Some day she may walk without the aid of crutches but this would not have been possible if it hadn't been for an operation. This prevented her from living the rest of her life in a wheel chair.

Only time and much help from March of Dimes facilities will tell whether she will be able to attend the same school as normal children.

Lisa serves as a reminder that through early diagnosis and proper treatment a child who once would have been lost to society can today often be saved and helped to become a contributing member of the community.

The March of Dimes hopes to help many more Lisas from the financial support it receives during the yearly drives.

## L.G. Christmas Checks

LEMON GROVE — Frank Shughrue, manager of Southern California First National Bank's Lemon Grove Branch at 3285 Imperial ave., announced the bank has distributed 10,973 checks totaling $1,733,190.88 to its 1966-67 Christmas Club Account customers.

## Lutheran Meeting Mon.

The Lutheran High School Auxiliary of San Diego County will meet next Monday at 7:45 p.m. at St. James Lutheran Church of Imperial Beach. The program will consist of an Inspirational Thanksgiving presentation.

It makes sense to know the seven warning signals of cancer. Most of them are caused by minor ailments; but only your doctor can say for sure.
